

Sompo International is the trade name for the global specialty property and casualty insurance and reinsurance operations of Sompo Holdings, Inc. ("Sompo"), established in March 2017 as the result of Sompo's acquisition of Endurance Specialty Holdings Ltd.

Sompo is a financial services holding company organized under the laws of Japan whose shares are listed and posted for trading on the Tokyo Stock Exchange. Sompo, through various operating subsidiaries, is one of the top three insurers in Japan and is engaged in the provision of insurance services as well as other related services through its global network of businesses operating in 32 countries around the world.

Sompo International is the international operation of Sompo and, through its operating subsidiaries, writes agriculture, casualty and other specialty, professional lines, property, marine/energy and aviation lines of insurance and catastrophe, property, casualty, professional lines and specialty lines of reinsurance.

As a leading global provider of insurance and reinsurance, we recognize that our success is derived directly from those whose contributions matter most: our people. Sompo International's headquarters is in Bermuda and we currently have offices in the United States, the United Kingdom, Continental Europe, and Asia. A shared commitment to integrity, accountability, collaboration and agility define our culture, and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

We have an exciting opportunity for a recent college graduate. The role will be an **Analyst on the Reinsurance Operations team working for Sompo Global Weather** and their Weather Operations department. The position will report to the Vice President of Weather Operations and will have daily interaction with the Chief Operating Officer for Global Reinsurance. The position will be located in Purchase, NY and may include travel to our other offices.

Responsibilities include:

- Working with the VP – Weather Operations supporting daily operating activities including: daily position reconciliations and the settlement and documentation of weather derivative transactions
- Working with the VP – Weather Operations and President, Sompo Global Weather to develop meaningful reports to analyse business performance toward stated goals
- Creating quarterly information for use within the Reinsurance CEO's Board of Directors and Executive Team Meeting Presentations
- Preparing and analysing weather derivative activity for quarterly financial reporting
- Participation within the coordination of the company's annual budgeting process
- Supporting the monthly close process, including the valuation of open weather derivative contracts

SOMPO INTERNATIONAL

- Data analysis and drafting of business requirements for the creation of a weather accounting module to be built by the company's weather derivative system provider

Desired Skills & Experience

- College graduate with Zero to three years of work experience
 - Preferred coursework focused in the accounting, finance, and information technology areas
- Familiarity with derivative instruments, including their cash flows, accounting and financial reporting
- Analytical with a strong attention to detail
- Experience in creating presentations and visualizations that represent complex data in intuitive, easily understood formats
- Strong face-to-face interpersonal skills
- Self-starter, proactive and willing to work in a dynamic team environment
- Strong proficiency in the Microsoft Excel and PowerPoint

Sompo International offers a competitive compensation and benefits package commensurate with experience. For consideration; please e-mail your resume along with salary history/requirements to: sbrescia@sompo-intl.com
