SOMPO INTERNATIONAL REINSURANCE GLOBAL PRODUCT LINES

GLOBAL CASUALTY

Our team of dedicated casualty underwriters support both proportional and non-proportional reinsurance programs across the full spectrum of the liability market. Our strong product knowledge enables us to give meaningful support to like-minded clients — those focused on bottom line underwriting profit. We provide reinsurance of general liability, umbrella & excess, workers' compensation and auto liability. We also support public and product liability and motor liability outside the U.S.

GLOBAL CATASTROPHE

With a diversified global catastrophe portfolio, we offer a broad array of individualized catastrophe products including traditional coverage as well as collateralized reinsurance structures through our wholly owned asset manager, Blue Capital. Having offered global catastrophe products since 2002, our team has extensive knowledge of these markets and we are recognized leaders in property and workers' compensation products. This experience, coupled with our highly rated balance sheet, enables us to build meaningful and longstanding partnerships with our clients.

GLOBAL PROFESSIONAL LIABILITY

With dedicated professional lines underwriters located in key markets globally, we support both excess of loss and proportional reinsurance programs with a broad range of products. We focus on directors' & officers' liability and related products, medical malpractice, and many classes of errors' and omissions' reinsurance. We also support employers' liability outside the U.S.

GLOBAL PROPERTY

Our Global Property team offers proportional and excess property reinsurance of residential, commercial and industrial exposures. With disciplined underwriting and meaningful capacity, our committed property specialists partner with clients on a worldwide basis to provide long term solutions for solvency protection, volatility and capital management.

GLOBAL SPECIALTY

Sompo International Reinsurance is committed to the global specialty markets that we serve. Our dedicated underwriting teams bring extensive product knowledge distilled from decades of experience in their line of business coupled with insight into each account's unique risks.

Agriculture

Our experienced Agriculture team specializes in developing innovative risk transfer solutions for sophisticated and rapidly changing crop and livestock perils. We employ comprehensive quantitative modelling techniques to develop cutting edge products that address our clients' challenges including climate variability, volatile crop prices and an expanding list of livestock diseases.

Aviation & Space

Our Aviation & Space specialists provide a broad range of proportional and non-proportional treaty protection across all aviation lines including coverage for airlines, manufacturers, airport operators, general aviation and space risks. Having offered reinsurance for Aviation & Space risks since 2002, we maintain an extensive database of historical aviation and space claims and program structures.

Engineering

Our highly skilled Engineering underwriters have over 25 years of reinsurance experience and mechanical engineering backgrounds. We offer all lines of engineering covers on a worldwide basis, partnering

with cedants with local, regional and international portfolios. We also offer coverage for single project and operational risks.

Marine & Energy

Our seasoned Marine & Energy underwriters offer traditional and specialized reinsurance products with a focus on hull, cargo, liability, onshore and offshore energy and other specialized marine lines. We have built a reputation for exceeding expectations based on quick and efficient delivery and the timely settlement of claims.

Mortgage & Financial Reinsurance

Our Mortgage & Financial Reinsurance team underwrites residential mortgage, title insurance, legal indemnity insurance, and other financial exposures on a global basis. With a breadth of expertise, we offer unique and customized treaty structures to directly address each cedant's capital management needs.

Trade Credit, Surety and Political Risk

With a seasoned underwriting team that has decades of experience in Trade Credit & Surety, we offer flexible and innovative reinsurance solutions for insurers dealing with non-payment risks. We also write worldwide trade credit, surety and political risk treaty reinsurance and credit and surety facultative reinsurance in select markets.

GLOBAL WEATHER

Sompo Global Weather writes tailored weather driven products that are delivered on a global basis as either derivatives or (re)insurance. Our proprietary products are customized for each client's risk exposures and indexed to weather variables such as site specific wind speed, wave height, temperature, rainfall, solar radiation, and snowfall; commodity price indices such as natural gas and power prices; as well as a wide variety of agricultural prices for crops such as corn, wheat and cotton.
