

ENDURANCE INSURANCE, U.S.

We partner with insureds that seek committed long-term relationships with a carrier offering breadth and depth of expertise. Servicing clients ranging from small businesses to multi-nationals, Endurance Insurance's U.S. team offers a diversified set of specialty insurance products through our network of wholesale and retail brokers. By carefully monitoring changes in the market and truly understanding clients' risk exposures, we offer tailored solutions and responsive service.

ENDURANCE EXPRESS

Our dedicated focus enables us to work with our binding authority agent network to develop programs and provide coverage for unique risks that are traditionally hard to place, often due to the types of operations or their size. Target accounts exhibit a low exposure to frequency and moderate exposure to severity and include general contractors, trade contractors, retail, lessors' risk, packages, new entities and a variety of additional niche product lines.
